EPEAT Registry Access (EPEAT Participation Fee)

Effective for New or Renewing EPEAT Participating Manufacturers July 1, 2016 – June 30, 2017

Payment of the appropriate fee below enables an EPEAT Participating Manufacturer to place onto the EPEAT Registry products that are declared to an approved EPEAT Conformity Assurance Body (CAB) to be in conformance with specific criteria of IEEE 1680.3, which covers televisions of all types. The fee is paid annually.

Engaging one or more CABs is required in order for products to appear on the EPEAT registry. See the list of available CABs [here](#). A Participating Manufacturer may use more than one CAB.

EPEAT fees are for one year, beginning on the date of enrollment. The fees below apply both to new and renewing manufacturers of televisions for the time period between July 1, 2016 and June 30, 2017.

The EPEAT Participation Fee is based on the Manufacturer's 2015 global sales of their branded products, stated in U.S. dollars. Global sales include all product types covered by IEEE 1680.3, which covers televisions of all types, whether or not those products meet EPEAT environmental criteria or are registered on EPEAT.net.
